

**Specification Amendments**

Please replace the paragraph beginning at page 5, line 11 with the following rewritten paragraph:

--The cutting body is preferably bonded or brazed into the recess. Suitable adhesives on the basis of epoxy resin or acrylic resin or other high-temperature resistant adhesives are known and familiar to those of ordinary skill in the art. One example of a suitable adhesive is LOCTITE 601 manufactured by the Henkel Loctite Corporation, 1001 Trout Brook Crossing, Rocky Hill, CT 06067, USA.--
